

Anonymous Programs of Adult Children of Alcoholics (APACA) was a standing committee within ACA/iWSO (1986 through 1990.) Its goals were to reach ACA meetings and Intergroups (IGs) everywhere, develop a network of interactive ACA contacts and facilitate creation of a World Service Organization (WSO.) It presented its report to the ACA fellowship as a whole at annual ACA ABCs.

Contents: APACA Archives

- 1. APACA Worksheet Notes 1988:** This is a handwritten 8.5" X 14" outline of "brainstorming" ideas summarizing concepts and goals for ACA WSO compiled at the La Jolla, CA ABC by a working group of delegates from several IGs.
- 2. APACA 2:** Tri-fold "APACA" Handout, 1990 APACA ABC draft report circulated to IGs, By-Laws Committee Report, correspondence, notes, treasurer's letter.
- 3. "Evergreen" Newsletter APACA 3:** Humboldt ACA IG's newsletter, "Evergreen", was used to "piggy-back" APACA communications, fellowship survey forms, etc., within ACA as a whole during 1989-90 (when Kathleen S. (W.)  is APACA Co-Chair, to save mailing costs. The Humboldt ACA IG covered this expense without billing iWSO and mailed to as many as 60 IGs (US, Canada, NZ) at 3-6 month intervals. The **ACA Identity Survey** (page 5) was compiled by APACA and a partial summary of the result is included (page 19.)
- 4. APACA-GSN 4:** After the fiasco at the 1990 ACA ABC, the disgruntled IGs formed an ad hoc committee, "GSN," to complete the ACA General Service Manual draft, which is referenced in these docs. Feedback from IG reps expressing confusion, dismay about the state of ACA's Service structure. Correspondence and attempts to collect APACA funds from iWSO, and from APACA-earmarked contributions from various IGs which had been routed through the iWSO Board were, for the most part, not forwarded and the iWSO Board refused to pay the budgeted funds that were already approved to the committee.
- 5. APACA GSN Service Manual 5:** Docs contributing the Service Manual to the fellowship, correspondence and copyright docs. Some few pages from the Manual. (Full doc to be scanned into Archives by 12/31/2019; hard-copy available.

These APACA archives are not complete and may be added to over the next few months as materials are located within raw storage files in the possession of Kathleen S. (W.), or which are received from others in the fellowship.
